VIRTUAL TEAM BUILDING EVENT

OUR SURVEY SAYS

Activity Description

We asked a survey of 100 people....

Get your team sparking off each other, whilst they take part in a famous TV gameshow format with their colleagues. Inspired by one of the longest running international gameshows ever, we bring you 'Our Survey Says'.

At the start, teams are warmed up with a fun energiser and learn some interesting facts about each other. Next it's "fastest finger first" to decide which team will choose to play or pass. The team in play then works together in their team 'family' to try to find all the answers from the given survey question. This action takes place in breakout rooms with each pair of teams going head to head simultaneously, each led by one of our lively hosts.

A correct answer puts points on the board. A wrong answer earns a 'strike'. Get three strikes and the play passes to the other team who have one opportunity to steal the accumulated points from that round. Each new rounds see each team go head to head with a different team, giving plenty of opportunity to network and interact with many more people than just your own team.

Our professional hosts will entertain your guests and ensure a highly interactive session, injecting humour and encouraging banter between participants. We also offer the option to use a personalised survey created from your own delegates. You can tailor the experience to your brand and key messages if you wish.

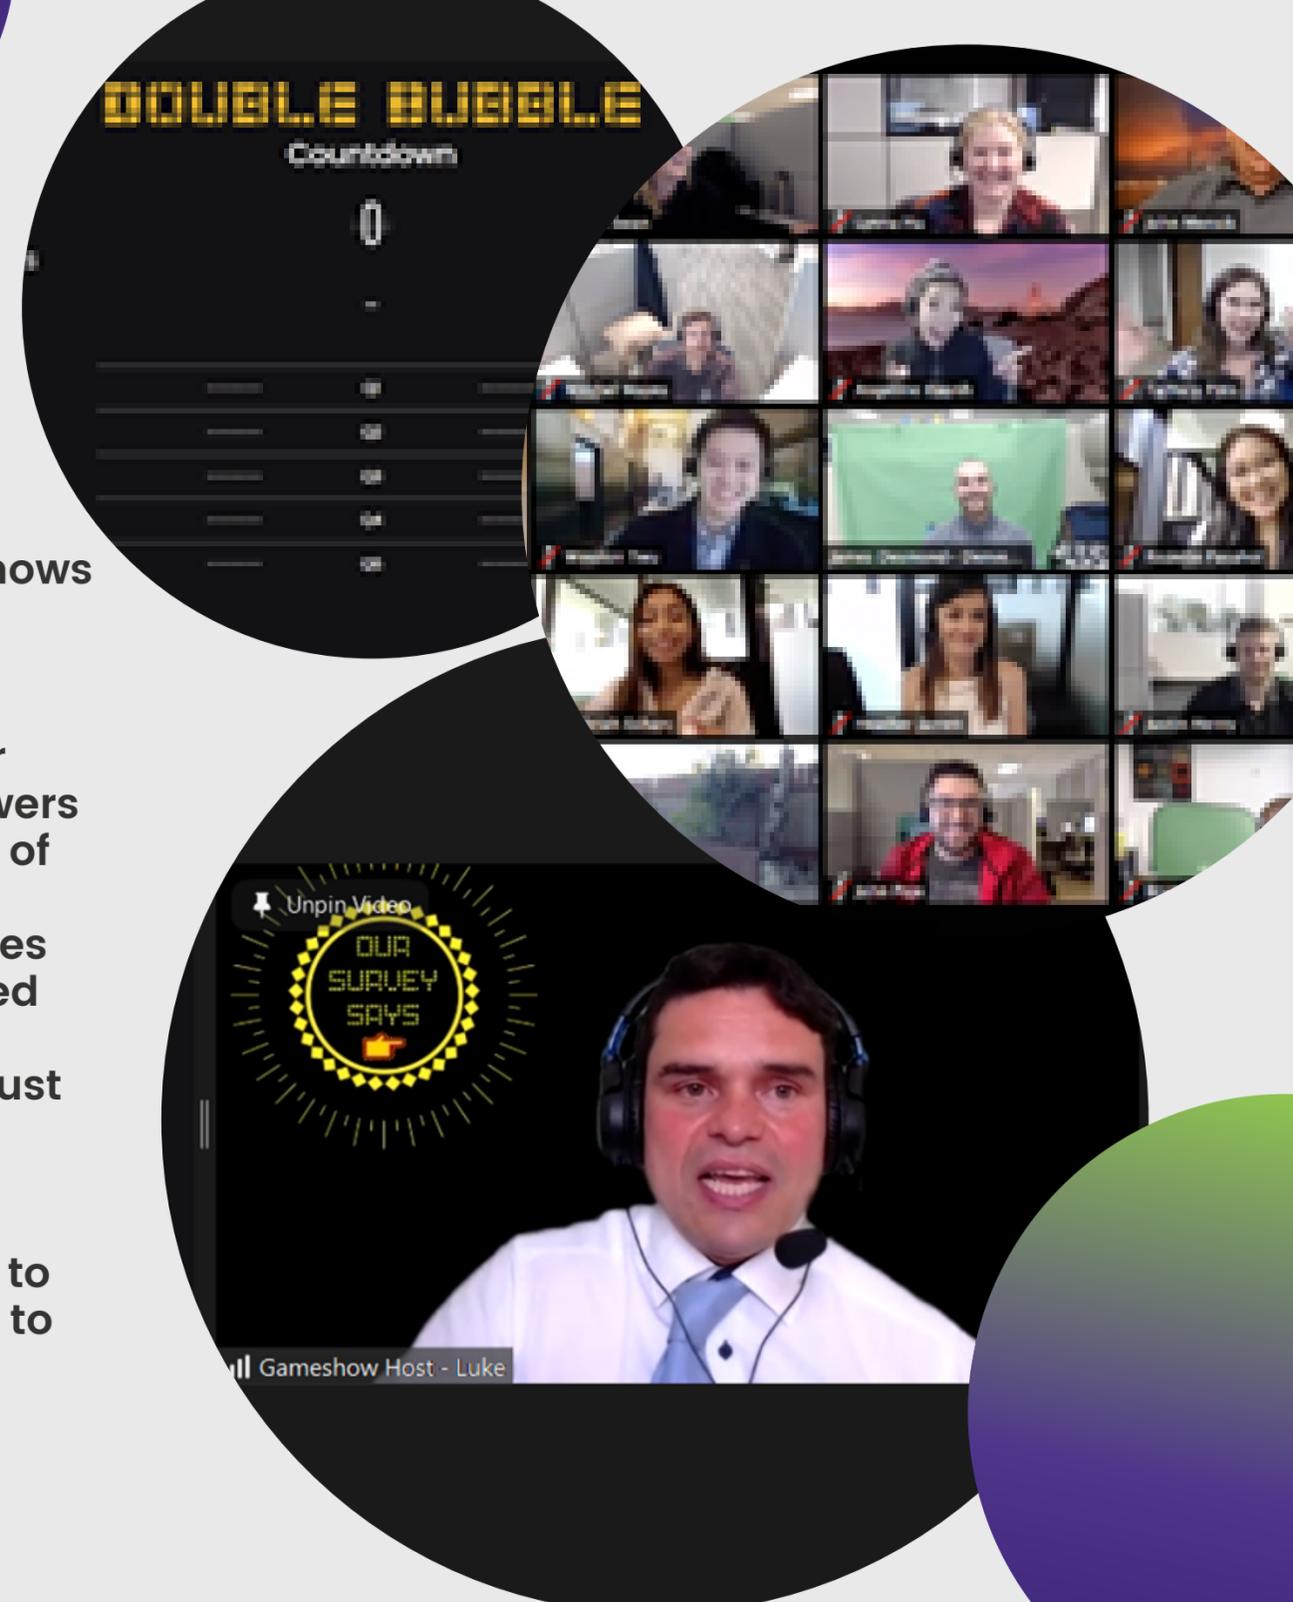

As one of our most popular activity choices, if you are looking for a fun and memorable activity to be run virtually or in-person, Our Survey Says will entertain your entire group.

Client Testimonials

Here's what previous clients thought of Our Survey Says...

"A great day from a very friendly and enthusiastic team - kept us in line all day long and made the process super simple. Would 100% recommend for your text virtual team building experience!"

TOP BANANA.

"Thank you so much for organizing a brilliant evening. We all really enjoyed the virtual event and I have had brilliant feedback from the team. Massive shout out to the hosts who were on top form and really involved everyone. We know that zoom events can be really tricky to get everyone involved and they did a fantastic job at doing that! Everything ran completely smoothly."

"I just wanted to say a huge THANK YOU for the Our Survey Says Gameshow, it was such a great game made all the better with the fabulous hosts from Blue Hat, they made the game and the humour they brought was spot on and just what we all needed! We learnt some very interesting facts about some of our colleagues too! I'll be sure to recommend this game to others and wouldn't be surprised if you have enquiries from some of our leaders for their own team events. Truly great evening, thank you to you and your team again, I'll be in contact for future events for sure."
