ADVENTURES"

# VIRTUAL ESCAPE ROOMS

VIRTUAL ESCAPE ROOMS ARE PERFECT FOR:

- Networking
- Fun
- Motivation
- Engaging
- Energising
- ...and more!

VIRTUAL TEAM BUILDING EVENT

# VIRTUAL ESCAPE ROOMS

## Activity Description

### Who can solve the puzzles and escape first?

Get ready to compete in a fun company competition in random or pre-assigned teams. Aim to become the company champions by escaping the rooms in the fastest time and accumulating the most points on route.

We have a range of pre-created themes to choose from, or we can create a personalised theme just for you, designed around your brand, key messages, values and team. Each activity includes 4 rooms to escape from. Within each room, teams have practical photo tasks, challenges, puzzles and riddles to solve to earn clues to decipher the codeword to exit each room. Working together, you will have fun interacting with the video conference software you use, whether that is Zoom, Microsoft Teams, Google Meet, Webex, Adobe Connect or any other. You will connect with and learn new things about your colleagues, helping you feel part of a wider team which encourages better communication and boosting team morale. Our live host will welcome your team and introduce the activity in a theatrical style to maximise engagement levels. Our live support team are also on hand to offer instant support to ensure that everything runs smoothly and delegates experience is maximised. At the summary of the event, our host shares some of the funniest team photos taken during the challenge, before dramatically revealing the winning team.

You can choose between the 'Dreadful Dungeons', 'Festival Gatecrash' and 'The Mystery Mansion' experience, or we can create a tailored experience. So, whether there are 2 of you playing or 1000+, and whether you are all in one country, or spread around the world, the clock starts ticking when you start your game, and time shows no favouritism. Experienced by thousands of people since 2020, it has been described as more fun and more interactive than other escape room platforms by top corporate and event management companies. Can you Escape the Rooms in the fastest time?

#### Learning Outcomes

**Puzzle solving**  
**Group Interaction**  
**Time keeping**

#### Activity Type

**Creative**  
**Technology**  
**Innovative**

# THE MYSTERY MANSION

Preview the 4 rooms from our existing Mystery Mansion theme.

- Works with most video conferencing software.
- 100% customisable content (puzzles, challenges, buttons, graphics, end screen, etc.)

You wake up to find yourself in the cellar...

...you make your way to the Kitchen...

...through the drawing room...

...and finally the play room.

“

"We had an excellent experience with the Team at Blue Hat. They were very attentive with organising the event and making sure it matched all our requirements. The game itself ran very smoothly and the added option of having live hosts is a must! They really set the mood and made everyone laugh! We all had so much fun and would highly recommend."

”

# DREADFUL DUNGEONS

Preview the four rooms from our existing Dreadful Dungeons theme.

- Fully customisable content if required
- Live hosted to enhance delegate experience

You start your quest in a Dungeon...

...work your way through a dank corridor...

...via a dilapidated room...

...to a stairway that leads you to the exit.

We create one main room to 'meet' everyone in. We then send each team to a private breakout room to play the game in their team and then pull them all back to the main room for the wrap up and final scores.

# FESTIVAL GATECRASH

Preview the four spaces from our existing Festival Gatecrash theme.

- 4 exhilarating new zones to progress through to the main festival stage!
- Tasks themed to each of the festival zones
- Option to customise content (puzzles, challenges, buttons, graphics, etc.)

You start in the festival campsite...

Earn a day pass to get yourself onsite...

Next stop, the main arena...

Then backstage before taking the main stage by storm!

We can incorporate your branding in the event theme and invitations as we did for this leading energy drinks company.

# VIRTUAL ESCAPE ROOMS

## Timeline and Logistics

### Timeline based on a 90 minute event:

- 10 Mins** Professional presenter introduces the challenge, before our technician opens the breakout rooms.
- 70 Mins** Teams engage with the activity in their breakout room.
- 10 Mins** Our presenter wraps things up by sharing a photo presentation and announcing the scores.

### Logistical notes

- Timings can be adapted to your agenda, with 90mins being the most popular choice
- Ideal team size is 5-8 people.
- These events can be delivered on most well-known virtual platforms
- With three great options to choose from, we are more than happy to offer a FREE demo so that you can "try before you buy".

# Client Testimonials

## Here's what previous clients thought of Virtual Escape Rooms...

“Session was fun and engaging, after the 90 min session the group felt that they had gotten to know each other really well having not met prior to the event. When we cannot come to the office, events like this really help to foster informal networking. The group found it very valuable.”

**BNP PARIBAS**

”

“An amazing virtual escape room for our new graduate cohort as part of a Team Working Day. The staff at Blue Hat made sure everything ran smoothly, both in the preparation and during the session. The grads loved the experience, feedback included “The virtual escape room was surprisingly engaging and felt very similar in team building to an in-person escape room.”

“We were very impressed with Mark and the Blue Hat team. Their professionalism, pre-event preparation and quality of delivery provided for a very fun, challenging and memorable virtual Escape Room experience. Highly recommended. We hope to work with you again.”

**SANOFI**

“Blue Hat ran an excellent meeting for us, ensuring we were well supported throughout and really helping us develop a virtual team building event that is so important in today's environment. I'm already considering the next opportunity to work with Blue Hat on another team building session. Thank you Ben and team.”
